VOICE RECORDER

Features

- Voice Operated Recording (VOR) activates the recorder only when audible sound is present, conserving tape and eliminating soundless passages.
- ▲ Includes 1 Cassette and 2 Batteries so this recorder is ready to go to work for you, right out of the box.
- Record/Battery LED Indicator with Voice Mirror confirms recording operation by mirroring voice with LED illumination and provides visible indication of battery power remaining.
- ▲ "Clear Voice™ Plus" Recording System enhances voice quality during record and playback for greater clarity.
- 3-Digit Tape Counter makes it easy to find a specific location on the tape for rapid access and editing.
- Built-In Microphone for extra convenience, eliminates the need for an external microphone.
- One Touch Recording for simplified, quick Play/Record operation.
- Cue and Review with Slide Control provides sound during Fast Forward and Rewind modes to help find specific passages.
- Sony-Matic® Automatic Recording Level Control uses advanced circuitry to ensure correct recording level.
- Automatic Shut Off at End of Tape pops up buttons to conserve battery power, reduces mechanical wear, and alerts you that the end of the tape has been reached.
- 2-Speed Record/Playback gives you the option of recording on a standard microcassette at either normal speed of 2.4cm/sec or half the normal speed at 1.2cm/sec for extended recording or dictation sessions.
- DC-In Jack for 2-way operation using replaceable batteries or with optional AC adaptor
- L/R Monaural Earphone Jack provide sound in both ears when using with an optional stereo headset.
- Hinged Battery Lid helps prevent accidental loss when changing batteries.
