SUGGESTED SPECIFICATIONS

34-P4 Traditional Mobile Equipment Table has three (3) 20-gauge steel 18" x 24" shelves. Each shelf is press formed with a 1/4" lip that borders the top surface on all four sides. The top shelf has a 20-gauge steel stiffener electrically welded underneath the surface front to back. The shelf has two 3/16" diameter holes centered on both the right side and the left side to accept an optional electrical assembly. A Black rubber mat 18" x 24" is placed on the top shelf. There are four (4) 14-gauge steel legs (29-1/4" l) welded to the shelves at each corner. Model has Black powder paint finish. Table stands 34" H from the floor (including the 4" casters). A hard plastic caster insert is mounted to each leg. Caster is mar-resistant "Quiet Glide" Black hard rubber and 4" in diameter. Each caster assembly has ball bearing swivel capabilities, steel construction, and is load rated to accept 125 pounds. Two (2) have locking brakes. Optional electrical assembly is completely enclosed with two (2) grounded outlets, 20 ft. 3-wire cord and two (2) 3/16" diameter machine screws with wing nuts for attaching unit to the table. Optional electrical assembly is UL listed when attached. Ships assembled in one (1) carton.
