MOBILE NOTEBOOK-DATA PROJECTOR CART

MOBILE PROJECTOR CART

ECILS2-BK is ideal for presentations that use a data projector and notebook computer. Cart is constructed of steel and rolls easily on casters. The notebook computer shelf can be set at three heights in the standing or seated position. **ECILS2M-BK** features a UL listed, three-outlet electrical unit for powering all of your projector and computer equipment.

FEATURES

- Top shelf is 42"H and supports a data projector or an overhead projector.
- Pull-out notebook computer shelf can be set to seated or standing heights with three adjustments and features locking knobs when in use.
- Heavy-duty 1" square tubular legs with "W" bracket shelf design for maximum strength.
- All-steel construction with die pressed shelves.
- Features 30% post-consumer recycled steel and an environmentally friendly powder paint finish.
- 4" Quiet-Glide stem casters, two are locking, are each load rated for 115 lbs.
- ECILS2M comes with a UL & C-UL listed, 3-outlet electrical assembly that mounts to the top shelf using pre-drilled holes. Features a 20' grounded power cord and built in cord winder.
- Optional micro-slot security cable (TGMS6) available to attach to the micro-slot built into most data projectors and notebook computers. Micro-slot cable features a reprogrammable combination lock and vinyl coated steel cable that secures around the carts legs.
- Available in Black (-BK) powder paint finish.

Freight class 70 UPS
0 96633 22922 2

ECILS2M-BK: 43 lbs.
Freight class 70 UPS
0 96633 22923 9

Both ship ready to assemble in one (1) carton pack

CARTON DIMENSIONS

ECILS2-BK: 27" w x 31-1/2" d x 4" h / 43 lbs.

ECILS2M-BK: 27" w x 31-1/2" d x 4" h / 46 lbs.

SUGGESTED SPECIFICATIONS

ECILS2 Notebook-Data Projector Cart has one (1) 24" w x 18" d, 18-gauge steel top shelf and one (1) 24" w x 18" d, 18-gauge steel bottom shelf. Corners of the shelf open so the sides of the shelf do not connect. The legs of the projector cart fit flush to the shelf and attach with a "W" bracket design that interlocks the legs and shelves for maximum strength and stability. Each corner has a 13-gauge steel "W" mounting bracket with 1/4" square head bolts and hex nuts that hold leg securely to table. Legs are 18-gauge, 1" square tubular steel 37-1/4" long. Each leg has a hard plastic caster insert mounted in the bottom of the tube. Projector cart has one (1) 22" w x 16-3/4" d, 18-gauge steel notebook computer shelf that pulls out 9". Notebook computer shelf may be set at standing 33-1/2", 35-1/2" or 37-1/2" heights or seated 25", 27" or 29" heights at time of assembly. Model # ECILS2M includes a UL and C-UL listed, 3-outlet electrical assembly with 20' 3-wire cord and cord winder. Mounts to pre-drilled holes in the back of the top shelf using wing nuts. Constructed with "prime" steel which has a 25% to 35% post-consumer recycled content. Electrical assembly is UL and C-UL listed when attached to cart. Stem casters are mar-resistant, hard black rubber, 4" in diameter. Each caster assembly has ball bearing swivel capabilities, steel construction, and is load rated for 115 lbs. Two (2) have locking brakes. Finished in Black (-BK) powder paint. Ships knocked down (KD) via UPS.

OPTIONAL ACCESSORIES

TechGuard cable systems, **TG3**, **TG6** and **TG10** feature a light grey vinyl coated steel 3', 6' or 10' cable, three light grey equipment points, cable clamp, user-programmable combination lock, and bonding adhesive. Adhere one equipment point to the cart and the others to your equipment, feed the cable through the points, and lock the end of the cable with the lock provided.
