

# BRETFORD BASICS™

## MULTIMEDIA PRESENTATION CART

### BBILS3

Supports an entire multimedia system.  
Recommended for use with up to 32"  
diagonal TV monitors.

### FEATURES

- Supports an entire multimedia system including 32" diagonal CRT TV monitor, scanner, laser printer, computer and keyboard with mouse on one portable unit.
- Wide-body, pyramid design lowers the center of gravity and provides superior stability for the heaviest loads.
- Features a pull-out keyboard drawer with mouse pad extender and pull out scanner shelf.
- Keyboard drawer at 26-1/2" typing height.
- All steel construction has a 30% post-consumer recycled content and finished with an environmentally friendly black powder paint.
- Includes a 10 outlet electrical unit and a SBRT 8' adjustable monitor safety belt.
- 5" plate casters, two lock, for easy maneuvering.
- Grommet holes on top and middle shelves with a large cord management bin for cord organization.
- Accessory AVB-BK Video Bracket supports a VCR or DVD player from 8-21"W.

Ships ready to assemble in one (1) carton pack.

## CARTON DIMENSIONS & UPC CODE

Carton Pack: 57-1/2"l x 35"d x 13-1/2"h  
BBILS3: 0 96633 13548 6

## SUGGESTED SPECIFICATIONS

BBILS3 Multimedia cart has two (2) 18-gauge steel 50"w x 26"d shelves with 16-gauge stiffener, and one (1) 14-gauge 50"w x 30"d shelf (to be used as the bottom or base of the cart) with four (4) 14-gauge stiffeners (one for each caster). Top shelf has one 2" diameter grommet hole in the rear center of shelf. Middle shelf has (4) four 2" diameter grommet holes located in the center of the shelf, (two in front, two in rear). Shelves are press formed with a 1/8" lip border on the top surface of all four (4) sides. Corners of the shelves open so the sides do not connect. 18-gauge legs of table fit flush with shelves. Each corner has 13-gauge steel mounting brackets with 1/4" square head bolts and hex nuts that tighten to hold leg securely to table. The top shelf has slots for the Safety Belt (included). There are 3 sets of slots to fit varying size monitors, located 4-7/16", 6-7/16", and 8-7/16" from each side. Top and middle shelves have 20-gauge 50"w x 30"h back panel that connects them for extra support. Cart has one (1) 2" diameter grommet hole located in the lower center of panel. The 23-1/2"w x 20-3/8"d keyboard slide-out shelf is at sit-down height, 26-1/2"h and pulls out 12" from cart. Mouse pad extender shelf attaches on right side. The 23-1/2"w x 23-3/4"d scanner shelf is 23-3/4"H from floor. It has a clearance of 6" and slides out 15" from the cart. The slide-out rails for both slide-out shelves are 5/16" diameter rods. The rail for the scanner is hardened for added strength. The slide-out shelves are connected by an 18-gauge 6"w x 2"d x 14-5/8"h cord management bin, which is located underneath middle shelf. Constructed using "prime" steel which has a 25% to 35% post-consumer recycled content and finished in an environmentally friendly black powder paint. The hole to install 10 outlet electrical unit (included) is located 21-5/8" from right side of middle shelf and 25" from left side running front to back between grommet holes. Unit has four (4) 5" plate casters, two with locking brakes. Ships(KD).
